

To whom it may concern:

I had the great pleasure to coach Charlie Marion in baseball at Franklin High School and I give him my full recommendation for your baseball program. Charlie took on the captain role himself by showing great leadership in games, at practice, and in his community. Not only did Charlie lead the team in most offensive and defensive categories, he was also the hardest worker on the team. Charlie leads by example, by doing the small things that help the team in a big way. He takes advantage of every opportunity in practice to improve, encourages his teammates, and makes sure the dugouts are picked up before leaving every game. Charlie works to improve every day during both the off and on season. His hard work led to a very productive season both offensively and defensively. From one of the biggest arms in the outfield to a team leader in hits, average, and OBP. Charlie produced on the field and was the team's biggest motivator in the dugout and at practice. Any program that gets to have Charlie be a part of, is very fortunate.

Please feel free to contact me with any further questions about Charlie.
