

Testimonial from Ben Cornfield, Summer Travel Ball Head Coach:

Coaching Chase over the summer was a real honor and a privilege. During practices he goes about his business diligently and professionally and has the maturity and self awareness to be able to work independently and know what he needs to accomplish on every rep taken, whether it is during catch, throwing a bullpen, fielding groundballs or taking swings in BP. He leads by example and proved to be an impactful player on defense, on the mound and at the plate, however most importantly, he is the type of person to be there for his teammates.
