

23 March 2020

To whom it may concern,

Chris Cable is a 6'4" 200lb RHP from Fairfax Station in Northern Virginia. Chris has an extremely high aptitude to apply pitching biomechanics to produce successful results. Additionally, he brings an unparalleled commitment to maximizing his potential as a pitcher while respecting his responsibility as a student athlete.

Over the past several years we've had the opportunity to see Chris achieve and exceed personal training goals comparable to pitchers we've trained currently competing at collegiate, professional & MLB levels. Chris's character, pitching ability and leadership skills by example make him an ideal fit for a highly competitive college baseball program.

Please do not hesitate to reach out to me if you have any questions about Chris's makeup or ability as a pitcher.
