To Whom it may concern:

I am writing in reference about Mr. Cody Ball. I have Known Cody for 5 years both as a Coach and a family friend. I have Coached against and have also had Cody as a player in both little leagues and Club Baseball with the AZ Venom BBA out of Peoria, Arizona. I have seen firsthand a great kid morph into a great young man. He is currently a Junior at Centennial High School and is also a teammate of my son. I feel fortunate that my son is friends with Cody as not only is he a talented and great teammate, but he is a very respectful young man who I am glad had befriended my own son. He is humble, compassionate and exudes a competitive spirit which I believe sets him apart from other young men. Not only would I always choose Cody as a teammate on the ball field , I'd choose him as a friend also.

Thank you.
