

Cole Gomez

Cole recently joined our organization this past summer. Immediately I could see the energy that Cole brings to the field in the way he carries himself and the way he interacts with his teammates. Cole is an outstanding individual who continuously works hard and puts in effort at practices and games. Cole has made serious strides on the mound and his work and efforts have paid off. He continues to work on his game in the infield and at the plate each an everyday we get the opportunity to work. Cole is a team player and always encourages his teammates and is into the game no matter what his role is on that particular day.
