

To whom it may concern:

It gives me great pleasure to recommend Genaro Garcia, for your recruiting program at "College Baseball Advisors". Here at Poston Butte High School, Genaro is a talented multi-sport athlete in both baseball and soccer. As an athlete, Genaro is the player you want on your ball team; every repetition is max effort, a quick learner, and simply put a "gamer". Only a sophomore, Genaro is a leader of our varsity baseball team and helps all those around him. He will do whatever it takes to win you a game while doing it with class. Off the field, as a student Genaro is involved in many school clubs like FBLA and manages to keep his grades high in the classroom with a 4.0 GPA. All coaches and staff members at school mention that they are impressed by Genaro's work-ethic and attention to detail at school. Last but not least, Genaro is a genuine person who puts others before himself and creates positive energy. Those are just some of the qualities this young-man has to give. There is no doubt Genaro can help any collegiate baseball program, but I believe his positive attitude and work ethic will produce great value to those around him.

Kindest Regards,
Edward C. Malone Jr.
Assistant Varsity Baseball Coach
