

Dear College Coach or Admissions Committee,

Please accept this letter as a recommendation of Jackson Harms. This young man is a very hard working student-athlete who I would happily recommend to any college or university. He is always willing to work hard and does his best both in the classroom and on the field. I have had the pleasure of both teaching and coaching Jackson over the past three years. He excelled in the classroom and on the field while I have been working with him.

In the classroom, Jackson is a very bright young man who is an independent learner, but is also willing to work in teams as needed to help others around him. He showed this in my Honors Algebra 2 course. His grades were never a question to me in the classroom as he always scored very high on each of the things that were tasked to him. He is willing to learn on his own or at the pace of the instructor as needed. During the year that I had him in the classroom, he also welcomed a student-teacher that I hosted and helped her with classroom skills and keeping his group focused on the tasks at hand.

On the field, Jackson is again a very independent person, but works well in a team environment. He knows that he will need to work hard in order to extend his playing career beyond high school. He has done this through extra work at school and at outside facilities throughout the time that I have known him. Competitor is a word that comes right to the front of my mind when thinking about Jackson. He is always willing to compete which makes it very easy to bring up those around him. His expectation for others is known and this has helped other players that we have to strive to work harder as well.

In summary, please consider Jackson as a candidate for your school. I have no doubt that he will continue to work hard and be the example for the others around him. If you have any questions or concerns please feel free to contact me at [grahamja@cfbisd.edu](mailto:grahamja@cfbisd.edu) or call me at 214-455-4077.

Sincerely,

Jason Graham
