

To Whom It May Concern,

It is my privilege to write this letter of recommendation for Jake Williams. I have been fortunate to coach Jake in baseball seasons throughout his youth. In all of my dealings with Jake, he has shown himself to be a young man of great leadership and dedication, and I believe he will be an asset to any college baseball program.

I have helped coach Jake on multiple teams in the Fox Valley area. Jake has always displayed the ability to be coachable, no matter what is asked of him. Over the years, whether the team was doing well or poorly, Jake would come to the field ready to play and give maximum effort. Jake has always been able to put team goals in front of personal goals, which has helped our teams immensely. He has also served as an extra coach on the field to his teammates. He genuinely cares about both the team and the sport, and I would welcome him to any team I was coaching.

As fine a baseball player as Jake is, he is even a finer young man. Our family has known the Williams family for over a decade and we have watched Jake grow into a respectful, hard-working student athlete. He serves as a mentor to my sons, and has always been willing to talk with them and share experiences. He is someone they feel comfortable with, and has helped shape their development as young men and athletes.

I believe Jake to be to an asset in the classroom and on the field. I am happy to recommend him for any college baseball program. If you have any questions, please don't hesitate to contact me.

Sincerely,

Brandon Martens
