

To whom it may concern:

If you have a chance to take a look at Malik Harris for your program, stop and take a look. This young man, is exactly that. His work ethic will show his blue collar mentality. Not only that, he is never satisfied in whatever sport this young man is participating in. This young has an unrivaled drive to get better. He also possesses the ability and project-ability to reach for the stars. On top of it all, he is a great person from a great family. There is NO DOUBT in my mind that whatever program or organization he is a part of will benefit from having as a part of the program. So like I said early, if you have a chance to take a look at this young, don't miss it.
