

To whom it may concern,

I have been able to coach Brooks Bonham for the last 3 years of High School. I have seen him grow up and become not only a great baseball player, but an even better person. He is surrounded by amazing support, including friends, coaches and parents. In the years of coaching Brooks at the highschool level I was fortunate enough to always know that grades were never going to be an issue and he was always ready to play and practice at the best of his abilities. I am excited to continue to see Brooks continue to grow as a young man and as a player

Sincerely,

Cole Buchda
Sunnyslope Baseball Freshman/JV Head coach
