

To Whom It May Concern:

I have had the pleasure of being Ryan Rooney's coach for the last two years at Blue Ridge High School. One thing that I know I can count on from Ryan is his hard work and dedication to not only himself but the team. Ryan is the definition of hard work and as a sophomore took control of all catching duties and as an underclassmen and was a tremendous leader. As we have been practicing for the upcoming high school season Ryan has taken a more vocal role with his teammates and is not afraid to stand up for what is right. Ryan also is very trustworthy and honest. On many occasions, I have put a lot of responsibility on Ryan to complete a task and I know it will be completed and done to my expectation. I look forward to this season with Ryan because he has put in the work in the weight room and on the practice field to follow up a strong sophomore campaign with an even better junior season.
