In re: Boyd Kay

This letter serves as testimonial and reference to Boyd Kay. I've know and coach Boyd for 4 years and I, without a doubt, will recommend him as a collegiate athlete. Boyd is a great youngman who loves the game of baseball and has shown excellent developeent and maturity on and off the field. His love for the game is shown in his work ethic and dedication to his craft. Boyd is the kid that does not wants to leave the baseball field and is always asking for extra reps and looking for ways to improve his game. He is the type of kid that I never have to worry about when he leaves the field, high character and respectful to not only his coaches but his teammates and above all the game!

Thank you
