To Whom It May Concern:

I have had Mikey Terry as a student in my sophomore English class since September of this year. I had seen Mikey in the halls the previous year, and always thought him to be a well-mannered and responsible young man. My first impressions proved true, and I have enjoyed having Mikey as a student. He gets along well with his peers and also knows how to interact well with adults. He seems to enjoy people, which makes them feel comfortable around him. Though I haven't coached him in a sport, I think he would make a great addition to any team.

Sincerely,

Ken Elliott, MHS
