

I have coached Roman Fina in football (2021) and baseball (2023). I also taught him Algebra 1 Honors during his freshman year.

Roman has a strong moral character and leads by example. His peers hold him in high regard and he is a great teammate. He has many strong characteristics for a young man, but his work ethic is what has stood out to me from day one. He is eager to ask what is needed of him in terms of improvement and follows direction very well. One of my favorites over the last few years!
