Head JV Baseball Coach  
American Canyon High School

To Whom It May Concern:

I am writing this as I give my full confidence in offering my recommendation of Dylan Brown in pursuing the next level in your program. I have loved coaching Dylan on the American Canyon High School baseball JV team as well as on our American Canyon Baseball Club 16U summer team in 2022. During my time as Dylan's coach, he has demonstrated that he has not only leadership skills as an underclassmen but also the work ethic that it takes to play at the next level. I could say with all honesty that he truly has a passion for the game of baseball and puts in the work to continue pursuing baseball in the future.

Dylan is now a sophomore playing and starting on the varsity team for American Canyon High School. I had the opportunity to work with Dylan and a few others in the offseason to strengthen their arms and increase velocity/power. Just from the off season training alone, I knew that he would benefit from it a whole lot come season time because of the fact that he has the work ethic and motivation to become better, stronger, and faster.

What makes Dylan stand out to me aside from his work ethic on the field, is his work ethic in the classroom as well. I have heard nothing but good things from him in the classroom and he currently sits at a 3.72 GPA. With how he acts around campus and the respect that he has for his coaches, I can give my strong recommendation that he will be a benefit to your program without any struggle. College itself is hard and on top of that college baseball takes up a lot of time but I believe that Dylan has the time management skills in order to benefit himself as well as the program. I am lucky to have been able to coach Dylan and I hope you get that chance also.

Sincerely,  
JJ Barnett
