To Whom it May Concern,

I am writing to recommend Jordan (JC) Jones as an addition to your program.

My name is Waylon Hervey and I have been a coach at Mountain Crest High School for 10 years. Additionally, I have been involved with the American Legion baseball program (Hyrum/Mountain Crest Trappers) for 13 years. I have known JC for 4 years while coaching for both programs.

I have known JC to be of excellent character, disciplined, and a great leader. Over the course of our relationship, I have witnessed tremendous growth in his ability to diagnose his play, adjust on the field, and lead his teammates by example.

JC is a diligent worker who puts in countless hours to his craft. He is constantly working to better himself as a student, citizen, and athlete. He has dedicated himself in the weightroom to get stronger and faster than other athletes his size. His mental and emotional maturity is a trait we highly value.

Please do not hesitate on contacting me via email at waylon.hervey@ccsdut.org if you have any further questions or requests.

Regards,
