To Whom It May Concern,,

I am excited to provide this letter of recommendation for Braden “Brady” Oliver. Brady has established himself as a bit of a baseball star in these parts, where he plays for his zoned high school baseball team, Centennial. Outside of school, Brady is an incredible leader with contagious enthusiasm and a passion for hands-on science, programming and engineering projects. As his school counselor, I've watched Brady grow into a mature, compassionate, and dynamic young man. I'm happy to give him my highest recommendation for this exciting next chapter in his life. He has my highest recommendation for your college

Brady is an intelligent and hard-working student who has impressed his teachers with his curiosity and dedication. He's especially interested in majoring in an engineering field at the next level and continuing to hone his craft. Brady has said that assisting classmates has also helped him gain a greater understanding of the principles of engineering and helps build his leadership skills outside of baseball. Brady has taken a rigorous course load, AP, honors, and university dual-credit courses all while balancing a demanding baseball training schedule. Brady has never taken the easy, lazy, way out with academics. His teachers and coaches always comment that he is always smiling and is a breath of fresh air both in and out of the classroom.

In addition to being a motivated student, Brady gets along well with others and is a caring friend. Hw has a kind nature and genuinely cares for those around him. He never has a bad word to say about anyone and is the first to lend a helping hand in a tough situation. Brady's open-minded, amiable personality makes him an asset to classroom discussions and group projects. Brady works and gets along well with others and has impressive interpersonal and social skills.

In closing, Brady is a caring, motivated student and friend, and he has my highest recommendation. I'm confident that he will be a great success in his college community. Please feel free to contact me with any questions.

Sincerely,

Mrs. Langhorst
