To Whom It May Concern:

It is my pleasure to write about Braden Oliver (Brady). Brady is an outstanding young man who has excelled in his academic classes at the Northwest Career and Technical Academy (NWCTA). While enrolled in our Engineering program and competitive courses, he has earned a weighted G.P.A. of 4.59. Brady has maintained a balance in his life while attending a magnet school and traveling to his zoned comprehensive high school for practices and games to play baseball. Brady is a valued athlete on the varsity baseball team at Centennial High School in Las Vegas, Nevada.

Brady's work ethic, reliability, and determination will ensure his success in his plans to continue his education and baseball career. His dedication to his academics will serve him well in college and in his future. Brady will be an asset to any program, I recommend him highly and without reservation.

Sincerely,

Aileen Cornman
