Rams

Ms. Darlin Delgado ~ Principal

July 5, 2023

I have had the pleasure of knowing Brady Paulson in the capacity as his baseball coach at Rancho High School, and he is a polite, determined, and driven young man who is highly accomplished in his academic and baseball pursuits.

Brady is a dedicated student as evidenced by his outstanding 3.866 GPA. In addition to his academic pursuits, Brady is a very good high school baseball player and has the abilities to continue on in college baseball. Brady will be one of the top 2025 high school players in Las Vegas, NV. Brady is a great teammate and has a great family who supports him. Brady works very hard in baseball and his passion for the game of baseball shows.

Through his self discipline and goal setting, Brady has managed to find the rare balance between those environments that allow for success in each area while at the same time being a well-adjusted but driven high school junior.

Looking at Brady's achievements in academics and baseball he is a vital member of his school and his community. He enriches each activity in which he participates, and I highly recommend him.

Sincerely,

Tommy Krier
