

To Whom It May Concern:

Carter Reitz is a fine young man. He has a strong work ethic as a student and an athlete. Carter never steps away from a challenge and he has faced many pursuing academic success, playing baseball at the varsity level, and being on the yearbook staff.

Carter is a leader on the yearbook staff and on the baseball field. He has a fun, quirky leadership style that has motivated players on the baseball team. I have been privileged to know Carter since his freshman year as a teacher and avid baseball supporter.

Carter's pursuit of excellence and attention to detail is also why he will be a wonderful addition to your student body and team. Carter has that lovely combination of academic acumen, personality, and strong work ethic. Carter has been a positive force in his time at Deer Valley High School.
