

As a coach, I give Zach Stevens my full recommendation. He is incredibly hard-working and has never complained about anything in the several years that I have known him. He has excelled at every level of baseball here at Mountain Pointe and has evolved into a program leader due to his production on the field, excellence in the classroom, and a consistent positive attitude. He is very coachable and our program is lucky to have him.

Zach is just as prepared in the classroom as he is on the field. He is always prepared for class and is dedicated toward earning exemplary grades. I have no concerns whatsoever regarding his commitment and dedication to his academic career. He is an excellent student.
