

Angelo is a very good baseball player with an above average baseball IQ. Defensively he is a good outfielder with good speed and understands angles and reads off the bat. Offensively he works well with his skill set making him a tough out that finds a way to get on base. On the base path he understands how to steal and run the bases well. Angelo is an effective pitcher by controlling multiple pitches and filling up the zone. He is a student of the game and is dedicated to his craft. Angelo is extremely hard working and desires to be the best. He is always locked in and working hard every chance that he has. He is extremely mature for his age when it comes to baseball and work ethic.

Coach ONeill

Head Baseball Coach of Atascocita High School
