

Mitchell has a gift that I have not experienced as a teacher in the classroom. His capabilities to take a stand for what he believes is right is unmatched. Mitchell possesses the maturity and desire to do what is best ALL the time. His attitude and willingness to learn and assist others is powerful and quickly make him a necessity to any team. Not only does Mitch have intellect, he has common sense which he leverages on and off the field making him one of the greatest Campo student athletes.
