To Whom It May Concern:

I have had the pleasure of knowing Bryson Sullivan since birth. He has been a tremendous student and an asset to Iowa Park High School. I would like to take this opportunity to recommend Bryson to your school.

Bryson has been, and continues to be, a true asset to any class or extracurricular program in which he has been involved. He has always been a joy to teach, coach, and be around. It is a blessing to see how he helps to inspire other students to be their best. Bryson is a great role model for other students his age and younger. He is very helpful with anything that needs to be done. He has been a member of the National Honor Society, multiple athletic programs, and is an active member of First Baptist Church in Iowa Park.

Bryson has a charming personality and is equipped with the kind of traits every college needs. His dedication to academics and extracurricular activities has provided him with skills that your common student lacks. Bryson has developed tremendous leadership skills and good time management skills. He has a respect for authority by using the phrases, "Yes Sir, No Sir, and Thank You." These traits are seldom seen in the youth of today. He has been very dependable during his time at Iowa Park High School.

Bryson has been a 2 year starter for our baseball team. I have watched him develop himself into a fine player over that period of time. Just like every good player, he identified his areas of weakness and then went to work on those. Bryson has always been able to hit, but has worked very hard on becoming an all around baseball player. He has transformed his body in the weight room and on the track and has become one of our most athletic kids in our program. The sky is truly the limit for this kid because of his hard work and dedication to his craft.

I would recommend Bryson for anything in which he holds an interest. He is very hard working and ethical. He is very ambitious and is dedicated to being the best at anything he sets his mind to. He is a very good student and is very conscious of his grades and how they will shape his future.

Sincerely,

Michael Swenson
Athletic Director/Head Football Coach
Iowa Park High School
