It is my distinct pleasure to write this letter of recommendation on behalf of Kellen Anunson. I have had the pleasure of teaching/coaching Kellen in my Crossfit class for two years at Clark High School. In 29 years as a Physical Education Teacher/Coach, Kellen ranks as one of the top individuals with the levels of dedication, commitment, and leadership he demonstrates in class daily. Kellen has a great work ethic with the drive to succeed in all facets of his life, he has my highest recommendation as a student and an athlete.

During his time in my crossfit class Kellen has demonstrated an exceptional work ethic consistently pushing himself to get better with every workout and lift we do. Kellen approaches each workout with an excitement and energy that helps motivate others in class to do the same.

In addition to having a great work ethic in class Kellen shows his skills as a leader by always being ready to help demonstrate an activity and work with those that are struggling with their technique on a lift or exercise. He further demonstrates his leadership by motivating others to work harder and finish their workouts to the best of their ability.

One of Kellens best attributes is his time management, as a member of the Schools baseball team Kellen has practice, games and personal instruction daily. With all that going on Kellen still has the ability to manage his time and prioritize his school work as he maintains a 3.92 Gpa, 4.77 weighted in the magnet program (Academy of Math Science and Technology) at Clark High School.

Based on my experiences with Kellen I am certain that he will make a valuable addition to your organization. He possesses the drive, work ethic and intellect necessary to excel academically, athletically and professionally. I wholeheartedly recommend Kellen without reservation. Please feel free to contact me if you require any further information.
