

Gabriel is a pleasure to have in class. He is kind, inclusive, and works hard to raise his classmates to their highest potential. Gabe will work alongside struggling students, keeping them motivated and helping them understand complex concepts. He is a teacher's dream. In addition to his leadership in the classroom., Gabe was nominated by his coach as a student-athlete leader and has worked with other athletes to improve the culture of Helix High School. It is without hesitation that I recommend Gabe Lanier. Gabe has all the necessary tools and personal drive to succeed in college, the medical field, and I would be honored to work alongside Gabriel clinically.

Kathryn Welch, MEd, MA, ATC

Assistant Athletic Director, Sports Medicine Teacher
