

September 3, 2024

To Whom it may concern;

It is my pleasure to provide this letter of recommendation on behalf of our student-athlete Hayden Hovey.

My name is Ruben Diaz, Junior Varsity Baseball Head Coach at Ayala High School, Chino Hills California. Throughout my 40 plus years as a baseball coach I've had the privilege and good fortune of working with some exceptional and outstanding young men. Hayden Hovey is one individual that uniquely stands out.

My first experience with Hayden came during his sophomore year, the first of our two seasons together. As part of our pitching rotation, Hayden showed a relentless work ethic, always trying to improve upon his already great skills. His technical abilities aside, however, what I found most impressive about Hayden were his innate leadership qualities, his sportsmanship, teamwork and his constant support of our team and his teammates.

Hayden has been a joy to work with due to his amazing positive attitude and his willingness to put his team and teammates first. In the process he helped create the outstanding team culture that made our two seasons together so successful.

I unequivocally recommend Hayden in any capacity. He will have a very positive influence in any capacity, baseball or otherwise.

If you require any additional input, I've included my contact information below. Do not hesitate to contact me

Sincerely,

Ruben Diaz
