

Baseball reference for Shawn Collins

I have known Shawn Collins for a little over a year in a teacher/student, coach/player relationship. I have been thoroughly impressed by Shawn's commitment to the game of baseball and his diligence in the classroom. Shawn loves his sport and has worked efficiently and effectively each and every day to make his future dreams a reality. His work ethic is strong, his passion for the game sincere, and his character is high. I truly look forward to watching him grow over the next few years in all capacities of his game and his life.
