

Baseball reference for Shawn Collins

I've had the privilege of working with Shawn for the last 3 years. He is a young man who embodies hard work and maturity throughout every aspect of his life. In addition, he is an extremely talented student athlete with some of the most determination, and dedication I've seen. All in all, Shawn is a standup young man who anyone would be proud to represent and support! He will always give you 110%.
