Dear Admissions Committee:

Re: Justice Johnson

I am writing to recommend Justice Johnson to your university. I had the pleasure of teaching Justice in my English III class his junior year (2023-2024).

What I appreciate most about Justice is his consistent positive attitude. Justice always has a smile on his face and is optimistic in all situations. During class, he was always compliant and engaged; even when others seemed to not be listening, I could count on Justice to be attentive and responsive to my teaching. Justice was able to work with anyone, and brought humor and energy to class every day. There is a natural friendliness about Justice that enables everyone to feel at ease whenever he is around. Justice can carry on a conversation with peers and adults alike due to his thoughtfulness, maturity, and ability to listen to and empathize with others.

Justice desires to do well in school and therefore makes an effort to ensure he stays on top of his assignments. With Justice, I never had to worry about his getting behind or turning in assignments. His kindness and strong work ethic make Justice truly an ideal student.

Justice's positive attitude and maturity guarantee his future success. I believe that Justice has the potential to achieve his goals in life. I give Justice my highest recommendation. If you have any questions regarding Justice, I am more than happy to answer them at molsen@eanesisd.net.

Sincerely,

Megan Olsen
