

To whom it may concern,

I am proud to recommend Nathaniel Miera, a student-athlete at St. Pius X whose leadership, determination, and relentless work ethic set him apart both on and off the field. I have had the honor of coaching Nate the past two years. During the fall Nate is a quarterback on the football team and a pitcher for the baseball team by spring. Regardless of which season he is in Nate consistently brings poise, competitiveness, and a strong presence to every situation. leads by example, showing up every day with purpose and grit, and leading those around him to do the same. His character, consistency, and competitive spirit make him an asset to any team or program.
