Cadell is an exceptional young man who has a high level work ethic that will serve him at the next level. He has the intrinsic motivation that it takes to be a great asset to any Collegiate team that he gets an opportunity to join. Cadell has an above average approach at the plate and is a natural athlete. I believe he will continue to get better as he gets older and stronger, which will continue to enhance his game. He is a positive teammate, a leader, and the ultimate competitor.
