To Whom it may Concern:

This letter of recommendation is to serve as my endorsement of Blake Sawyer's endeavors to further his career as a student athlete. During my time coaching Blake, he demonstrated a desire and drive to perform at his best while playing for our club baseball team. He earned my respect by displaying enthusiasm, competence, and a willingness to overcome obstacles in a competitive environment. Blake's more direct characteristics and accomplishments are:

1. Very persistent: Blake demonstrates a high-level of resolve. He regularly went above and beyond trying to make himself and teammates better. He routinely made sure those around him were doing things correctly and with purpose. This determination allowed Blake to mature as he persevered through some difficult game situations.
2. Expands his skill set: As a member of the team Blake was tasked to play a variety of positions but displayed a high aptitude at short stop and as a pitcher. He learns new tasks quickly and follows them through to their completion at a level higher than his peers. His character provides a level of comfort a Coach needs to put him into situations that not all can adapt to and handle.
3. Motivated: Blake was always a motivated youngster. He consistently demonstrated this trait through his attendance, whole-hearted enthusiasm for the tasks at hand, and punctuality.

I am more than willing to discuss this endorsement with whomever would need additional information or clarification via email or phone. I can be reached at 602-321-3458; okinney@btgym.com.
