

Colt Eikleberry

To whom it may concern,

Coaching Colt has been a pleasure. Among athletes I've coached—including Super Bowl MVPs and collegiate players—Colt stands out for exceptional work ethic, reliability, and commitment. His practice habits were some of the best I have seen, he treats practice just like it was a game. Colt is a dedicated teammate who consistently gives maximum effort and demonstrates impressive speed and accountability. His ability to accelerate and get to top speed sets him apart from many athletes. He understands the importance of having great practice habits. The way he practiced was a joy to watch, he ran each rep in practice as if it was a game and because of it other players changed their practice habits to match his. I am confident Colt will excel at the college level because of his athletic ability and work ethic.

Best Regards,

Kris Heavner
