

# Letter of Recommendation

---

December 8, 2025

**TO WHOM IT MAY CONCERN**

I am pleased to write this letter of recommendation for **Angus Brumbaugh**, whom I currently teach in Advanced Algebra with Trigonometry. As his math teacher, I have had the opportunity to observe his academic habits, personal character, and the positive attitude he brings to class every day.

Angus is a respectful and well-mannered student who consistently demonstrates responsibility and maturity. He is always engaged in classroom discussions and is willing to share ideas, ask questions, and learn new concepts. What stands out most about Angus is his genuine effort—he tries his best, seeks help when needed, and shows continuous improvement in his work.

Beyond academics, Angus is also a student-athlete who balances the responsibilities of baseball with his academic commitments. Even with the demands of athletics, he continues to show perseverance in math and makes learning a priority. His dedication on and off the field truly speaks to his work ethic and character.

It has been a pleasure having Angus in class, and I am confident he will bring his strong values, positive attitude, and commitment to excellence into any future academic or athletic opportunity. I highly recommend him for your program.

If you need any additional information, please feel free to contact me.

Best regards,

*Erah De Los Reyes*
