To Whom It May Concern:

I am writing this reference for one of my former students, Cody Ball. I have known Cody for approximately six years in my capacity as a teacher at Paseo Verde Elementary School. Cody was in my technology class as a 6<sup>th</sup> grader, took my science class in both 7<sup>th</sup> and 8<sup>th</sup> grade and earned superior grades in those classes. He was always incredibly respectful to me as his teacher and to his peers as well. Cody has a strong work ethic and always strived to do his best in any task he was given. Based on Cody's grades, attendance, class participation and overall character, I absolutely rate him as being an excellent student and confidently can vouch for him being a person of great character.

Cody has a number of strengths to offer any program. He takes pride in any task he is asked to complete. Cody aims to please, so he is always the one who will take the initiative to help when he sees there is a need. He also has great manners, which helps him stand out above others in his classes. Finally, Cody wants to succeed so he will work hard, persevere and ask questions when needed in order to do the best job possible on any assignment he is given. He doesn't like to settle for lesser grades just to get the work done.

In conclusion, I would highly recommend Cody Ball for your program. If his performance in my classes is any indication of how he might perform for you, Cody will certainly be a positive addition to your organization. If you should need any additional information, you can feel free to contact me by email at [nnitschke@pusd11.net](mailto:nnitschke@pusd11.net) anytime.

Sincerely,

Nicole Nitschke
