I have had the pleasure of working with Michael Terry as a football and baseball coach for the past two years. Michael is a dedicated athlete with a strong work ethic. He has a strong desire to learn and improve. He is consistent and always willing to put in extra time and effort to get better. Michael is a tremendously supportive and caring teammate with a strong sense of integrity. He has been a terrific asset to our programs and has been instrumental in our success. I am confident he will continue to grow and improve over the next two years and look forward to watching his continued success.

Please feel free to contact me if you have any questions.

Bill Crowson
Superintendent
Head Football Coach
Head Baseball Coach
