

*To whom it may concern,*

*It is my pleasure to write on behalf of Lincoln as I have been associated with him for the last four years through private hitting instruction. To put it simply if I was starting a team Lincoln would be the first position player selected. His makeup, work ethic, instincts and other intangibles all make him a coach's dream. He is a special player with strong mental and physical skills.*

*Thanks,*

*Ralph Dickenson*
