To whom it may concern,

Brady has been in my baseball organization (Baseball Softball 101) for about three years. From day one I knew he was going to be one of Leaders as well as my go to player in a crunch. He plays every position and he does it well.

From the bump he tops at 86mph with a great 12/6 drop and from behind plate his pop is 2.0.

His direction and guidance to his teammate's on the field is amazing because he always leads through example. Whether it's getting equipment, raking the fields or waiting for his teammates to be picked up from practices and games.

He is always first to practice and the last one to leave, only Brady does that out of 120+ athletes in my organization. I need more Brady's!!!

In the classroom, Brady is yet again amazing... study study study! Solid 3.7 GPA
