

To Whom It May Concern,

I am writing a letter of recommendation on behalf of Judd Taylor. This is my 3rd year coaching Judd in High School Baseball. The second Judd came into our program as a freshmen he made an impact. The bar was raised within our program.

Judd's love for the game and desire to be competitive has set him apart.

I've always been impressed with Judd's work ethic. He comes to every practice ready to work hard and get after it. I have seen him make the necessary adjustments to his position and hitting to improve every year.

Judd's character is another noteworthy attribute. There has been many times where I needed help with a task, and I rely on Judd quite a bit. I have always known I could count on him to help out in any way he can.

I would like to add my recommendation for Judd Taylor.

Sincerely,

Chaz Fisher Altamont Baseball Head Coach
